

## Therapist

COPAC, a chemical dependency treatment center in Brandon, MS, is seeking a Therapist. Position evaluates and counsels patients with substance abuse; documents all services rendered; provides individual, family, group, and crisis counseling and/or educational services to patients and their families; conducts screening evaluations of new cases to determine treatment level and intervention needs; maintains a thorough knowledge of the therapeutic techniques and program policies and procedures; maintains professional relations with and provides assistance to human services agencies, support groups, and other staff. Therapist serves as a coordinator to facilitate and ensure communication, linkage, and continuing of care between patients and physicians, other organizational components, community resources, and service providers.

Addiction counseling experience with individuals 18 years and older, including the 12 Steps Program, is required along with a minimum of five years of experience. Candidates must be degreed in Counseling, Psychology, Social Work, and/or Family Therapy from an accredited educational institution.

Position requires very good computer skills, Word, e-mail, Internet, and ability to document heavy case notes, on a daily basis, through electronic medical records programs.

Position is full-time with paid company benefits.
